Why Choose Kraff Eye Institute: Chicago LASIK Eye Surgery Specialists

Experience and Knowledge

At the Kraff Eye Institute, our Chicago LASIK patients receive the precision and care of the most experienced laser eye surgeons in the Midwest. Our Board-certified physicians have performed over 45,000 LASIK procedures with the highest levels of safety and patient satisfaction, utilizing the latest and most sophisticated instruments and techniques. The Kraff Eye Institute experts, who have been performing LASIK Eye Surgery in Chicago since 1991, offer the kind of knowledge, comfort, and experience that you can trust your eyes with.

Safety and Care

When it comes to your vision, the Kraff Eye Institute puts safety and comfort above the rest. We offer the most progressive technology in corrective eye surgery, and only state-of-the-art lasers and the safest, most advanced instruments for performing laser vision correction are utilized. The Chicago LASIK doctors at the Kraff Eye Institute believe in precision, care and safety for your eyes.

An Informed Decision

The Kraff Eye Institute believes that an informed customer is our best patient. The best way to determine if you are a candidate for LASIK eye surgery is to schedule a no-cost consultation appointment, where you'll meet with your Chicago laser eye surgeon to learn more about the procedure and understand the risks and benefits. At the Kraff Eye Institute, we give you the opportunity to have all of your questions answered before you make this very personal and important decision.

Education and Reputation

The Kraff Eye Institute continues to pioneer in the field of laser vision and correction. Our Chicago LASIK doctors have been invited to lectures and teach at scientific institutions such as John Hopkins, Yale University, Hebrew University in Jerusalem, and Vanderbilt. Experts at the Kraff Eye Institute have chaired national ophthalmology programs and have published numerous scientific papers upon research performed. The Kraff Eye Institute was the first practice in the U.S. to treat patients with the VISX WaveScan Wavefront System and continues to lead the U.S. clinical trials in this exciting new laser vision technology.

If you have any additional questions about the LASIK procedure or would like to schedule a no-cost consultation with one of our Chicago LASIK specialists at the Kraff Eye Institute, please feel free to [email us](#) or call at 1-800-505-3627.
